

“N” Series

# Disconnect Adapters

EPG's “N” Series Disconnect Adapters are constructed from high quality materials with patented features. They are designed to fasten through a riser or sump wall for quick and easy pump disconnect applications.

- ◆ 1/3 the cost of stainless steel
- ◆ Electroless nickel plated brass alloy castings
- ◆ Corrosion resistant
- ◆ High strength
- ◆ Teflon coated neoprene O-ring
- ◆ Tapered slide/funnel fittings and O-ring features maximize liquid tight slip joint sealing
- ◆ Designed for maximum service life and ease of maintenance
- ◆ Features built in 90° elbow
- ◆ Easy pump connection/disconnection and eliminates the need for personnel to enter hazardous locations
- ◆ Several sizes and configurations are available to fit most applications
