In This Issue:

Trailer Mounted Leachate Pumping Systems

Portable Leachate Trailers

The EPG Portable Trailer Mounted Leachate Pumping System is an ideal solution for sites with low leachate production. They can be equipped with a generator for when access to power is limited, integrated tanks for easy leachate removal, and more.

- Offers mobility to support multiple cells and/or sites
- Equipped with state-of-the-art electronic level control
- Designed for automatic pumping operations with low level and tank overflow protection
- Hose and lead reel options to suit your needs
- Baffled storage tanks assure smooth ride (even with partial loads)
- Four point trailer leveling system maintains stable work platform during operation
- Powered by generators from industry leaders such as [WINCO](#)
- Available to meet a variety of flow and head requirements.

Get all the performance and reliability of a typical EPG Pump & Controls system in a mobile, flexible format!

Give us a call at [1-800-443-7426](tel:1-800-443-7426) or email us at info@epgco.com to find out if a portable leachate system is right for you.
