

The EPG Connection

Sept. 2024 | Issue No. 170

All PNEUMATIC PUMPS might seem the same.

They are not all DESIGNED or MANUFACTURED the same.

The #1 Pneumatic Landfill Pump!

Viridian America's line of pneumatic pumps are the choice of many landfill managers and operators for low flow, vertical pumping applications. In fact, they might just be the most reliable air-powered environmental pumps, period.

The rugged, corrosion resistant design is just as suited to pump wastewater or gas condensate as it is highly corrosive leachate at elevated temperatures. The range of sizes and inlet variations can satisfy most any liquid recovery application.

Improving PERFORMANCE and QUALITY through continuous INNOVATION

Differentiators:

- High Performance Molded Float For Less Scale Build-up
- Epoxy Resin Outer Casing For Long Term Structural Strength
- Round Bottom Dome To Ease Installation
- More Noble Materials For Increased Chemical Resistance
- Machined Head For Reduced Corrosion Potential
- Rocker Arm Design For Enhanced Strength & Longer Life
- Non-Penetrating Rocker Arm Pins To Prevent Air Intrusion
- Non-Contact Magnets For Smooth Surface And Reduced Fouling

Superior DESIGN and QUALITY resulting in SIGNIFICANT operational cost SAVINGS

Typical Applications Include:

- Vertical Extraction Wells
- Landfill Gas Extraction Wells
- Condensate Sumps
- Remediation Recovery Wells

Capabilities and Options

- Available in 4", 3" and 2" Sizes
- Bottom or top inlet configurations
- Low draw down models
- Standard ultra-durable epoxy resin fiber-glass casing
- Optional 316 Stainless Steel casing
- Quick and easy disassembly for routine cleaning and maintenance
- Weighs less than the competition

VP SERIES pneumatic pumps

Vertical Extraction Wells
Landfill Gas Extraction Wells
Condensate Sumps
Recovery Wells At Remediation Sites

Bottom or top inlet configurations
Sizes for 4", 3.5" and 2" inside pipe diameters
Engineered plastic BCV is standard (316 SS available)
Standard ultra-durable epoxy resin fiber-glass casing
Optional 316 Stainless Steel casing
Quick and easy disassembly for routine cleaning and maintenance

ACCESSORIES

- Air Supply Kits
- Liquid Discharge Piping Kits
- Tubing Bundles
- Pulse Counter
- Air/Filter Regulators
- Support Cables
- I-Fit Connectors
- Well Seals
- Well Covers

Viridian Accessories Work With Most Manufacturers Equipment:

- Air Supply Kits
- Liquid Discharge Piping Kits
- Tubing Bundles
- Pulse Counter
- Air/Filter Regulators
- Support Cables
- I-Fit Connectors
- Well Seals
- Well Covers

Industry Events

List includes events in which both EPG and our Sales Reps are participating in and is subject to change.

Oct 1-3 Kansas SWANA Conference
Mulvane, KS (The Reich Co. Exhibiting)

Oct 25 Arizona SWANA Vendor Showcase
Avondale, AZ (The Reich Co Exhibiting)

Nov 6-8 Nebraska SWANA Joint Conference
Kearney, NE (The Reich Co Exhibiting)

(TBD) Kentucky SWANA Bluegrass Chapter Meeting
(TBD, KY (The Reich Co Exhibiting)
